1. READING ENGAGEMENT

Ask the student to bring his or her completed Student Reading Survey to the conference.

2. ORAL READING FLUENCY

INTRODUCTION

T: This informational text, The Amazing Octopus, tells some interesting facts about the octopus. Please read aloud to the star on page 2. Show the student where to stop reading at the ✶.

RECORD OF ORAL READING

Record the student’s oral reading behaviors. Note the student’s fluency (expression and phrasing). Be sure to time the student’s reading.

The Octopus

Deep in the ocean lives a creature known for its tricks. It can get out of the tightest places. It can change its shape and its color in less than a second. This creature is coldblooded and is called an octopus. More than 150 kinds of octopuses can be found around the world. The smallest is the size of a thumb. The biggest is more than 20 feet from arm tip to arm tip.

An octopus has no backbone. It has a body shaped like a balloon that is covered by a mantle. It has eight arms. Each arm has rows of suckers. Most kinds of octopuses have about 2,000 suckers. These suckers help an octopus to pick up and eat food. They also help it to cling to a hiding place. Octopus arms are always busy. They use their arms to walk, crawl, dig, and eat.
An octopus has two eyes. It can turn its eyes in half circles without moving its head. Its eyesight is very sharp. An octopus uses gills and a funnel for breathing. Its funnel also helps the octopus move through water.

**ORAL READING WORDS PER MINUTE, PERCENT OF ACCURACY**

Use the student’s oral reading time to circle the WPM range.

**Word Count:** 189

• If the student’s score falls in a shaded area for either WPM or Accuracy, STOP! Reassess with a lower level text.

**3. COMPREHENSION**

**PREDICTION**

Students do not use the text when making their predictions.

*T: Follow the directions on the first page of your Student Booklet. After you have finished your predictions, come to me (or raise your hand).*

**Note:** For students who have an Individual Education Plan in place for reading and/or written communication, follow the directions in their plan. You may read aloud the prompts in the Student Booklet and/or scribe their responses if required. Give no additional prompts.

While the student completes the Prediction page, complete the Teacher Analysis of Oral Reading on the next page and circle the descriptors on the DRA2 Continuum that best describe the student’s oral reading fluency.

**Note:** After the student has completed the Prediction page, continue with the assessment if time permits. Otherwise, have the student read the book and complete the Student Booklet at another time.
STUDENT READS AND RESPONDS

All students may use the text to complete pages 2–4 of the Student Booklet.

T: Read the story. When you are finished, write a summary of what you have read and answer the remaining questions in the Student Booklet. If you have questions, please come to me (or raise your hand).

4. TEACHER ANALYSIS

ORAL READING

If the student had 5 or more different miscues, use the information recorded on the Record of Oral Reading to complete the chart below.

<tr>

</tbody>
</table>

Copy each substitution to help analyze the student's attention to visual information. e.g., stickers (substitution) suckers (text)

Oral Reading Rate: (Optional) Use the formula below to determine the student’s exact oral reading rate. Convert the student’s reading time to all seconds.

\[
189 \text{ (words)} \div \underline{\text{total seconds}} = \underline{\text{WPS}} \times 60 = \underline{\text{WPM}}
\]

DRA2 Continuum

- Use the information from the Student Reading Survey and the Student Booklet to circle the descriptors that best describe the student’s responses.
- Add the circled numbers to obtain a total score for each section.
- Record the scores at the top of page 1. Record the Comprehension score at the top of page 4 after the colon.

Note: If the Comprehension score is less than 12, administer DRA2 with a lower level text at another time.

Choose three to five learning/teaching activities on the DRA2 Focus for Instruction on the next page.
DRA2 FOCUS FOR INSTRUCTION

READING ENGAGEMENT

Wide Reading
- Teach student strategies to select appropriately leveled texts for independent reading
- Introduce student to reading materials from a variety of genres and purposes
- Teach strategies to build reading stamina
- Create structures and/or routines to support reading at home
- Develop and monitor clear expectations for amount of independent reading
- Teach student how to use a reading log to monitor book selection and set reading goals

Self-Assessment/Goal Setting
- Model and discuss strategies good readers use
- Help student identify 1–2 reading goals and a plan of action to improve reading
- Support revision of ongoing reading goals

ORAL READING FLUENCY

Expression and Phrasing
- Model and teach reading in longer, meaningful phrases with appropriate expression
- Have student practice appropriate expression with familiar texts
- Teach student to recognize and emphasize key phrases and words
- Teach student to heed punctuation

Rate
- Provide materials and time for repeated readings and timed readings to increase reading rate
- Give opportunities for student to read lower level and/or familiar texts at an appropriate rate

Accuracy: Word Analysis
- Support and reinforce self-corrections of miscues
- Model and support how to take words apart (e.g., onset and rime, syllables) to problem-solve unknown words
- Teach how to use word chunks and analogies to problem-solve unknown words
- Provide spelling activities and word sorts to help student recognize patterns in words

COMPREHENSION

Questioning/Prediction
- Provide opportunities for student to make and confirm predictions based on title, table of contents, and headings
- Model and support using background information to make meaningful predictions
- Model and teach student how to pose questions as a basis for predictions

Summary
- Share and identify characteristics of good summaries
- Model and co-construct written summaries of texts read aloud
- Model and support how to distinguish between more important and less important ideas and facts
- Model and support how to write a summary in one’s own words
- Model and support how to use examples from the text
- Teach student how to use headings to organize a summary of an informational/nonfiction text
- Provide time for student to practice oral and written summaries

Literal Comprehension
- Show student how to use key words to identify specific information from the text
- Provide opportunities for student to answer and construct literal questions
- Model and support how to locate and use nonfiction text features (e.g., charts, graphs, maps, tables, headings, glossary, bold words, etc.)
- Teach student how to use and construct graphic organizers to keep track of key ideas and facts

Interpretation
- Teach and share examples of inferences
- Provide opportunities for student to support inferences with information or examples from the text
- Give student opportunities to respond to and construct inference questions orally and in writing
- Model and support how to interpret nonfiction text features (e.g., how to read a chart or diagram)

Reflection
- Help student identify important information and/or key vocabulary in a variety of texts
- Demonstrate how to support opinion with details from the text

Metacognitive Awareness
- Model and teach comprehension strategies for nonfiction texts
- Provide opportunities for student to practice using a specific comprehension strategy (e.g., making connections, visualizing, etc.)
- Help student identify examples in a text where he or she used a specific strategy
